The BETHEL OXFORD COUNTY CITIZEN

Volume XLVIII—Number 37

BETHEL, MAINE, THURSDAY, SEPTEMBER 10, 1942

Single Copy—FIVE CENTS

COMMITTEE ON WATER COMPANY MAKES NO RECOMMENDATIONS

The committee appointed last March to consider the advisability of the purchase of the plant of the Bethel Water Company by the Town made their report to the Selectmen last week. Although considering the matter at some length they passed the decision to the citizens of the town for consideration. The committee's report is printed herewith so that the townspeople may have a better understanding of the question.

Report of Town Committee on Bethel Water Company, August, 1942

The Bethel Water Company charter was granted by Chapter 378 of the Laws of 1889. The Company was organized and the system constructed and put into operation in 1890. Original cost of property then constructed about \$42,000.00.

Bonds were issued for \$35,000.00 and \$7,000.00 was put in by seven local incorporators. Stock originally issued was 840 shares at \$50.00 par, making a total par value of \$42,000.00.

Source of supply, Chapman Brook, where there is a dam and 600,000 gallon reservoir, from which there is an eight inch pipe line to Bethel Village. An auxiliary reservoir was constructed on Paradise Hill about 1910 from which a ten inch pipe runs to the village. Reported to have cost \$10,000.00.

Distribution Mains, 1941

10 inch.....	5,280 ft.
8 inch.....	31,680 ft.
6 inch.....	10,560 ft.
4 inch.....	15,840 ft.
2 inch.....	6,500 ft.
1 inch.....	5,500 ft.
3/4 inch.....	3,450 ft.

System has been in operation 52 years. Probable useful life of pipes expected, maybe 100 years.

In 1920 the Public Utilities Commission found value at not less than \$66,000.00 and ordered an increase in rates.

In 1925 the Chapman Brook watershed in Newry, comprising 2300 acres, more or less, was donated to the Company in trust by Wm. Bingham, 2nd. By the terms of the deed only enough timber may be cut and sold to pay taxes which have been assessed. In 1942 the valuation of this land was raised from \$6.00 to \$8.00 per acre.

In 1941 there were 265 customers, of which 14 were metered, and 34 public hydrants.

Sewall Upholds Record on Radio Tuesday Night

The following paragraphs are taken from the radio address of Governor Sewall from Station WGAN on Tuesday evening.

Only a few weeks ago I arranged to have all the New England governors meet in Augusta to study this fuel oil problem. Our incoming shipments were so small as to indicate a possible disaster. We made certain specific recommendations and I am glad to say that since that meeting our daily receipts have increased substantially, but there is still much to be accomplished if we are to meet even our minimum demands. We are now fighting for the rationing of heat oil in the middle west. We know that this will help and we are going to persist until it is accomplished. We believe it is only fair to distribute the sacrifices of war equally throughout all sections of the nation so far as practical. And we are convinced that our western neighbors are no less patriotic than we are in their willingness to carry their share of this national burden.

During the past year, we have improved the general fund of the state by more than \$2,000,000. We have reduced the bonded indebtedness of the State and we have more cash on hand than we had a year ago. We believe this is good, efficient business management. This is not a promise. This is an accomplished fact. I know something of political promises. It is easy to promise a business-like administration, but it is another thing to carry out effectively amidst all the conflicting legislative and other divergent interests. Naturally, I am glad that this record has been achieved during my administration as Governor. I am happy to have had the opportunity to play a part in it, but I want it clearly understood by every citizen that this was not the accomplishment of any one person. It was the result of earnest, honest and persistent teamwork by your entire state government—by your Legislature, by your Council, and by every employee of the State.

Service Men Admitted Free at County Fair Next Tuesday-Saturday

The 101st exhibition of the Oxford County Agricultural Society will be held on the grounds between Norway and South Paris Sept. 15-19. All service men will be admitted to the grounds free of charge this year. Representatives of the various services of our armed forces will be on hand for recruiting purposes and to be in charge of the army exhibits in the exhibition hall. Read the advertisement of the fair on page two.

Net Operating Income \$2,817.23 \$ 4,448.26

Non-Operating Income 1,269.37 627.83

Gross Income \$4,116.60 \$ 5,076.09

Interest Deductions 1,588.41 1,561.29

Net Income \$2,528.19 \$ 3,514.80

With a few exceptions dividends from 1920 were at the rate of 6% per annum on the \$42,000.00 par value of stock.

Bonds issued in 1930, maturing 1910, par value \$35,000.00. Subsequently retired \$10,000.00 of these original bonds.

The balance of \$25,000.00 was refunded by bond maturing October 1, 1930 and a total of \$35,000.00 were issued. The additional \$10,000.00 were used to construct the Paradise Hill Reservoir.

From 1910 to 1930, \$6,000.00 of these bonds were retired, leaving \$29,000.00 maturing October 1, 1930.

The Company was authorized to refund the \$29,000.00 by bonds maturing October, 1930, bearing interest at the rate of 5% per annum.

In 1932 \$1000.00 was retired leaving \$28,000.00 maturing in 1930.

Marshall Home Damaged by \$1,000 Fire Wed. Eve

Fire, which was confined to the inside of the ell and shed of the home of Everett Marshall at Skillingston, did damage estimated at over \$1,000 to the building and furnishings. Most of the furniture was removed from the house. Hose was laid from the Androscoggin River across the Grand Trunk tracks. The damage was covered by insurance.

NEARLY ALL SCHOOLS IN BETHEL UNION OPEN

Schools in the Bethel Union opened this week with the exception of the Upton school which was postponed one week because no teacher was available for the upper grades. Aubrey Flanders, who has been Principal of the Upton school for several years, resigned at a late date.

Mrs. Doris Lord is substituting in the eighth grade of the Bethel Grammar School since the new Principal, John McClain, is unable to begin his duties until next week.

The enrollment of nearly all the schools is less than that of last year.

The list of teachers is as follows:

Bethel Grammar School, Principal and Grade VIII, John McClain; Grade VII, Gwendolyn Stearns; Grade VI, Edith Clement; Grade V, Mollie Davis

Primary, Principal and Grade I, Ethel Bisbee; Grade II, Maxine Clough; Grade III, Elancho Howe; Grade IV, Alice Ballard

West Bethel, Grammar, Olive Lurvey; Primary, Iva Hutchinson. East Bethel, Grammar, Mary Tott; Primary, Helen Newmarker. South Bethel, Elmira Doyen

Northwest Bethel, Ruth Davis

North, Louise Plunkett

Greenwood Locke Mills, Grammar, Erna Adams, Principal; Intermediate, Helmi Pilpo; Primary, Marjorie Hatch

Richwood City, Collata Morgan

Richardson Hollow, Madeline Tyner

Tabbs, Lillian Doughty

Newry Branch, Mabel Stevens; Sunday School, Hazel Demeritt

Upton Upper grades, vacant; Lower grades, Edith Hawes

THE VOTE ON LIQUOR

Voters at the coming election will notice four questions on the referendum ballot relating to the legalization of alcoholic beverages. The beer question has two: one relates to the sale of beer and ale to be consumed on the premises, restaurants, real or faked; the other relates to the sale of beer or ale to be taken away and consumed elsewhere.

The beer interests are hoping that this latter question will meet with more favor. Yet this method of handling the stuff has as many objections as the other.

Voters who object to the conditions of a wet town and nearby saloons will vote against all four propositions by putting a cross (X) under the NO in the little square at the right of each question. Don't write words. They spoil the ballot.

The handy saloon is a menace to the young, increases drinking, is a prolific source of accidents and crime, and absorbs an immense amount of money that should go for rent, fuel, food, children's clothes, and other good causes. The all powerful drink habit is fostered.

The revenue argument is false and foolish. It is not good business to throw away five dollars in order that one of them may land in the State treasury. The "will have it" argument is not true by 80 percent. The saloon draws good money to itself from surrounding town but chiefly from the town in which it is situated.

Vote to keep the liquor business as far away as possible.

Candidate Lane Made Gen. Doolittle's Bombs

A Maine man made the bombs that Gen. Doolittle dropped on Tokyo. The bombs, Gen. Doolittle himself said, "caused heavy damage in the raids on Japanese cities and military and naval installations." These bombs were made by a man whose life has been full of dramatic achievements. His name is George W. Lane Jr., candidate for Governor of Maine.

He was born in Lewiston Nov. 15, 1880. He became treasurer of Bates College in 1918 and a year later became treasurer of the Auburn Wood Heel Co. He now owns that concern. In 1928 he became president of the Maine and New Hampshire Theatres Co. For the last 25 years he has been associated with the Auburn Water and Sewer districts and the Rumford Publishing Co., publishers of the Rumford Falls Times.

His connection with Gen. Doolittle's raid on Tokyo is another example of his driving force. In 1935 he was asked to help in the reorganization of the National Fireworks, Inc., of West Hanover, Mass. Today operating 100 percent for Uncle Sam, it was the first New England concern to be awarded the Navy "E," the highest honor the Navy can bestow on a civilian organization.

He was elected to the Auburn City Council in 1917, and in 1931 was appointed to a board governing the Pownal State School. He has also served as Regional Advisor for the P. W. A., and on the Maine Military Defense Commission.

In his campaign Lane has capitalized heavily on what he terms Governor Sewall's failure to assure adequate supplies of fuel for Maine this coming winter.

ADDITIONAL TEACHER HERE FOR GOULD PHYSICS DEPT.

In order to meet the increased demands for Physics and Chemistry from the students at Gould Academy this year, it has been necessary to secure an additional teacher in this department. The Headmaster, Elwood F. Ireland, is pleased to announce that Gayle Alan Foster of Greenwich, Conn., has been secured to fill that position.

Mr. Foster has been a teacher for 28 years at the Brunswick School in Greenwich, Conn. Mr. Foster will have charge of the Physics course at the Academy, and also assist in the pre-flight aviation course and teach some elementary mathematics.

Mr. Foster is a native of Nebraska, where he attended high school. He is a graduate of Thomas Normal Training School at Detroit, Mich. He has also studied Physics and Chemistry, as well as Photography Art at Columbia University and the Art Center in New York.

In addition to his teacher training, he has been very active in the Amateur Photographer's Association of America, of which he has been president. For the last 17 years, he has been Business Manager of the Timagami, Ontario, Kewawadin Camp.

Mrs. Foster is a graduate of Michigan State College. The Fosters have a son, Robert, age 15, who will be a Junior in the Academy. They will live in the boys' dormitory and are expected to arrive in Bethel today.

Rev. and Mrs. Herbert Wallace are spending a few days this week in Orleans, Vt.

Miss Margaret Hanscom, clarinetist, will make her debut appearance on the air as soloist on the Mainstage Musicale, from Station WCOU Sunday afternoon at 5:15.

GRAFTON MAN DIES AFTER FALLING FROM POWER LINE POLE

Clark Morse of Grafton died at the Rumford hospital Wednesday evening as a result of injuries received Tuesday night. He was thrown to the ground from a power line pole near his home when he came in contact with wires carrying 6,900 volts, suffering severe burns on both arms and a head injury.

Mr. Morse was born in Grafton April 10, 1899, the son of John E. and Edna Green Morse. He married Miss Edna Jordan.

His wife and children, John, Ella, Lilla, Charles, Thelma, Loreta and Patricia survive besides a brother, Horace, of Old Town, and sisters, Mrs. Wilbur Gammon of West Paris and Mrs. Joseph Reid of Roxbury.

Funeral services will be held Saturday at 2 o'clock at Greenleaf's funeral home. Rev. Norman Scruton of Upton will officiate.

Due to an unexpected amount of advertising in this issue it has been necessary to condense or omit material of interest and importance to our readers, including A Week of the War and articles of political interest.

DAVID THOMPSON, who will teach English at Gould Academy this fall.

Miss Margaret Ames, after a summer at Eagle Island Girl Scout Camp, Saranac Inn, N. Y., came to Bethel, Sept. 1, with her father, Kimball Ames, and aunt, Miss Grace Ames, via the East Wind to Portland. They were joined there by Mrs. Ella Mansfield and Miss Margaret Badger of Portsmouth, N. H., and Miss Priscilla Carver, who had been visiting Miss Badger. Mrs. Irving Carver, Mrs. Betty Thurston and Miss Marguerite Hall, who were in Portland for the day, carried some of the party home.

Owing to the Purchase of the Stock and Fixtures of the BETHEL AUCTION CO.

by D. Grover Brooks, the Executor's Sale to be held Friday and Saturday has been cancelled.

JOHN C. MESERVE, Executor

WEST PARIS

Mrs. Geneva Tuell, Correspondent

The Frank T. Bartlett Camp of Spanish War Veterans will hold a basket picnic at Snow Falls Inn on Sunday. All patriotic organizations are invited to attend.

The Good Will Society will meet for an all day meeting Thursday, September 17. A picnic lunch will be observed and mystery packages exchanged.

Miss Eleanor Guimond of Boston, who has been the guest of her cousin, Rev. Eleanor B. Forbes, both at Ferry Beach and at West Paris, returned to Boston, Wednesday.

Mrs. Martha D. Tuell of Melrose, Mass., was the guest of relatives and friends two or three days last week.

Mrs. Addie Abbott of Washington, D. C., who was called here by the illness and death of her sister, Mrs. Frank Webb, went to Sumner Sunday and will return home from there.

Mr. and Mrs. Christopher Bryant of Locke Mills have moved from their home at P. C. Mayhew's rent on Park Street.

Emery Flavin has been spending a three days vacation from South Portland ship yard at his home here.

Rev. Eleanor B. Forbes officiated at the funeral of Richard, son of Mr. and Mrs. William H. Hall, of Waterford at the I. W. Andrews Funeral Home, South Woodstock Wednesday.

Mrs. Elizabeth Dunham returned from Mrs. Earle Harlow, at Worcester, Mass., the last of the week. Miss from a week's visit with her sister, Rachel Dunham, who has been with her aunt for the past five weeks returned with her.

Mrs. Walter Halliday and son, Alfred, who have been guests of Mrs. H. R. Tuell returned to their home at Waterville last week.

Mrs. Jennie A. Bates was taken to the Deaconess Hospital, 16 Deaconess Road, Tuesday morning, in I. W. Andrews & Son's ambulance. Mrs. Bates is very ill.

Mrs. Eleanor Ring of Buckfield has been a guest at Wallace S. Ring's.

NEWRY CORNER

Mr. and Mrs. Johnson and daughter and Mr. and Mrs. Corey of Plattsburg, N. Y., were overnight guests of Edw. Warren, Sunday.

Schools in town started Tuesday, Sept. 8.

Mr. and Mrs. Richardson returned to their home in Auburn Sunday after spending a week with their daughter, Mrs. Herbert Morton Jr.

The Farm Bureau meeting scheduled for Sept. 16 on House Plants and Herbs is to be combined with Wartime Buying which will be held Sept. 28 at the home of Mrs. Ida Richards. Miss Walsh will be present in the afternoon.

Mrs. Gertrude Campbell spent the week-end in South Paris.

Clark Morse was taken to the Community Hospital late Tuesday suffering from burns.

Mr. and Mrs. Mervin Powers and son of Dixfield were making calls in town Labor Day.

NORTH WOODSTOCK

Mary Knights has finished work for Bion Swan at Sunday River and is at her home with her son, C. James Knights, and family.

Mr. and Mrs. C. James Knights and family and mother were at Rumford Saturday night. They called on John Knights at the Rumford Hospital. He had two fingers removed Friday morning.

Robert Kirk is wiring the rent for lights that is occupied by Willard Farwell.

Several from this community attended.

O. K. CLIFFORD CO.,

So. Paris, Me. Tel. 307

DODGE and PLYMOUTH

SALES and SERVICE

tended the auction at the village last Saturday afternoon, also many attended Grange in the evening.

Mr. and Mrs. Wilbur Yates of Greenwood City were Sunday guests at Herman Coles.

Moses Hardy is in town visiting relatives.

Walter Russ and family have moved to Auburn for the winter. Herschel Abbott is expected home from California soon.

Thelma Smith of West Paris visited several days at Edgar Davis'. Mrs. Frank Sweetser and four children visited relatives here last Friday.

JUDKINS-HATHAWAY

Miss Beatrice Hathaway, daughter of Mr. and Mrs. Lester Hathaway of Bryant Pond, became the bride of Fred S. Judkins, son of Mr. and Mrs. Cedric Judkins, of Upton, Sunday afternoon at two-thirty o'clock, at Bryant Pond Baptist Church, with the Rev. James MacKillop, pastor of the church, performing the double ring ceremony.

The bride was given in marriage by her father. Music was furnished by Mrs. Gertrude Redman, with Miss Margaret Howe, soloist.

The bride was gowned in white satin, with fingertip veil, caught with orange blossoms and carried a bouquet of lilies of the valley. The maid of honor, Miss Margaret

Howe, wore blue taffeta, with coronet of blue flowers and carried pink rosebuds. The bridesmaids, the Misses Alice and Lois Hathaway, sisters of the bride, were gowned in peach and aqua taffeta. Ann Hathaway, in white organdy, a sister of the bride was flower girl and Alton Hathaway, a brother was ring bearer.

David Chapman of Damariscotta was best man and Albert Judkins of Upton, brother of the groom, and Ellsworth Hathaway were ushers.

A reception followed the ceremony on the church lawn and refreshments were served with Mrs. Frances Wiske in charge. The wedding cake was cut by the bride and then presided over by Mrs. Flora Cummings, of Oxford.

The gifts were on display in the Social Hall, in charge of Miss Thelma MacKillop. Mrs. Edna Newton had charge of the decorations, which were baskets of cut flowers. Mrs. Judkins attended local schools and is a third year student at Farmington State Normal

Dr. Lariviere
Poreus Plasters

For over half a century have been used successfully in the relief of muscular pain due to strain or acid. The soothing, prompt-acting medication in Dr. Lariviere Plasters draws out the inflammation from the affected parts. Insist on Dr. Lariviere Plasters at your druggist.

School. Private Judkins is a graduate of the Agriculture College of the University of Maine. He is serving with the Coast Artillery at Fort Levett, Portland Harbor.

Following a short wedding trip Mrs. Judkins will resume her studies at Farmington and Private Judkins will return to duty at Cushing Island.

DOLLARS

To Maine and the Federal Government

- VOTE "YES" and save tax revenue of more than \$1,500,000 to the State of Maine.
- VOTE "YES" and save the revenue that makes a most substantial contribution to the fund for pensions for the aged and blind, dependent children, and money needed for educational purposes.
- VOTE "YES" and make certain that our aged and needy citizens will be maintained in comfort and happiness.
- VOTE "YES" and protect the State's revenue at a time when the tax on gasoline and motor vehicles is dropping at an alarming rate. It has already dropped nearly fifty percent, and it is estimated that during the present fiscal year the State will lose more than \$3,000,000 from that source.
- VOTE "YES" and keep more than 7,500 gainfully employed in the legalized sale of beer and ale. Salaries and wages in this industry in Maine amount to more than \$8,000,000 a year.
- VOTE "YES" and keep Maine the "Vacationland" of the nation.
- VOTE "YES" and save approximately \$2,000,000 that go into the Federal Treasury from excise taxes on beer and ale sold in Maine.
- VOTE "YES" and help maintain the Federal, State and Municipal governments of the country that receive from the legal sale of beer and ale more than a MILLION DOLLARS EVERY DAY in the year.
- VOTE "YES" and help Maine pay its share in the building of ships, tanks, planes and ammunition.

Vote "Yes" and Avoid the Necessity of Increasing Other Taxes in the State

PROHIBITION WAS A DISMAL FAILURE

It cost Maine millions of dollars wasted in futile efforts to enforce a law repugnant to the concepts and spirit of Democracy and Personal Liberty.

It brought about a hideous era of illicit business and the crime that followed in its wake.

It brought a national toll of 1,056 men, women and children killed by the nervous finger of dry agents. 491 dry agents slain. hundreds killed, blinded or crippled from poisonous liquor. over 555,000 arrests connected with Prohibition.

Extra Energy
UNLESS we're careful about preparing vegetables, we ruin in 15 steps what the sun left us on its 90,000,000-mile jaunt. Yes, that's how far the sunlight travels to put vitamins in our food!

Some vitamins can't "take" heat, air or water, as you know. So, don't prepare vegetables too far ahead of meal-times. Chopped vegetables and fruits - and fruit juices - are particularly susceptible, because the more surfaces exposed to the air, the greater the loss of vitamins. Never leave vegetables soaking in water. (I used to do that, and now I know why we always had to take sulphur and molasses in the spring - to make up for the vitamins I'd thoughtlessly "drowned.")

If, sometimes, you must prepare vegetables in the morning, store them away in the refrigerator immediately. Put them in the humidor or crisping pan if you have

one; otherwise, in a covered casserole, cooking utensil or mason jar. That way, you protect vitamins from heat and air, and they'll keep well for four or five hours.

From the standpoint of health, it's a poor idea to cook more vegetables than you can eat at one meal. They will have lost most of their vitamins before you eat them up. I grant you it's more work to start every meal from scratch, but perhaps the extra energy in freshly cooked foods will supply the extra push for us.

MENU
Meat Loaf
Buttered Peas
Fried Carrots
Fresh Fruit Salad
Hot Muffins
Lemon Cream Pie
Milk - Coffee

*Guide for Steaming Carrots: Carrots may be cooked whole or sliced lengthwise. Place sufficient carrots for your family in a utensil which has a tight-fitting lid. Add 3/4 cup water in cooking electrically, and 1/2 to 3/4 cup water for other type fuel. Add 2 tablespoons butter, 1 teaspoon salt. Bring to quick steam, then reduce heat. If carrots are sliced thin, continue cooking 10-12 minutes. The same for young, tender whole carrots. Older whole carrots should continue cooking 15-20 minutes. Serve carrots with liquid remaining after cooking.

NEXT WEEK: Slip Covers, Do's and Don'ts.

MISS MARY FITZPATRICK

of Bridgton, Maine, who is a graduate of New England Conservatory of Music, Pianoforte will be pleased to instruct all who are interested in Bethel and vicinity.

SALVATION ARMY APPEAL IN PROGRESS

LAMONT HIGGINS, extension Secretary of the Salvation Army for Maine, who is in charge of the financial appeal now being carried on in Bethel and surrounding territory. Mr. Higgins reports a considerable amount has been received already by the local treasurer, Fred B. Merrill, in response to letters mailed several weeks ago.

AMERICAN
LEGION
AUXILIARY
NEWS

JACKSON-SILVER UNIT, No. 68

There was a good attendance at the regular meeting of Jackson-Silver Post and Unit on Friday evening, Sept. 4.

It was reported that a number of old records has been left during the past week at Gammon's hardware store, West Paris, both the disc and cylinder types which are very valuable. The drive for old records will continue for the duration and may be turned over to the Legion or sent directly to the company which makes the records.

Three more members of the Auxiliary paid their 1943 dues, making a total of five to date.

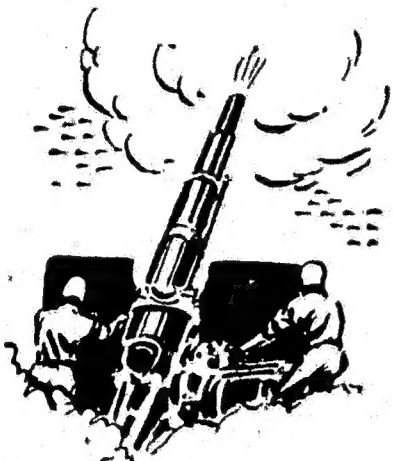

Members of the Post are to meet on Sept. 13 for the purpose of painting the Legion Home. On this same date the U. S. W. V. will hold a picnic at Snow Falls to which the Post and Unit are invited.

Wayne Redman recently spent his furlough with his parents, Comrade Floyd and Gertrude Redman. He is studying to be an aerial gunner.

We have been reminded that in noting the highlights of the reception to the Department President, no mention was made of the readings given by Gold Star Mother Berntha Mundt of Bethel, which were so much enjoyed.

What You Buy With WAR BONDS

The 75-millimeter gun is a divisional weapon used by the Artillery as an anti-tank gun. It has been replaced to some extent by the more modern "105", known as the heaviest of divisional weapons. The 75-mm gun costs \$12,000 and has been converted by our Ordnance into a "blaster" twice as efficient as in the first World War.

This gun gets maximum power for minimum weight and cost, and the American people are providing the finance through the purchase of War Bonds. If you do your share and invest 10 per cent of your income in War Bonds, adequate supply of this efficient gun can be assured our fighting forces. Buy War Bonds every pay day. U. S. Treasury Department

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its backbone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to \$70,000,000. We have something like a score of these huge ships in the Atlantic and Pacific.

Eight huge battleships are under construction and more are contemplated. To finance these modern giants of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your country go over its Bond Quota. U. S. Treasury Department

TOOL USERS AND TOOL OWNERS

In a recent advertisement signed by a well-known business concern, this statement appeared: "My boss has 14 Grand tied up in me."

What that slangy use of words meant was that the average employee in industry represents a capital investment—in property, plant,

machinery and equipment—of \$14,000. In other words, labor has jobs only when some business man, or group of investors, puts up the money necessary for the creation of jobs.

It was well said recently, by a student of economics, that men in governmental authority too often forget that while the rights of workers are being considered, the owner of the tools used by workers must also have some consideration.

After this war is over, the plants now devoted to military needs must be re-converted to peace-time activity; must be re-tooled for the kind of production they were engaged in when it became necessary to tool up for war. Labor will expect peace-time jobs then, but somebody must provide the money for re-converting and re-tooling. That money cannot be forthcoming unless enough profits or capital can be stored up to meet such requirements.

WATER COMMITTEE REPORT

Continued from Page One
A comparison of rates of Bethel Water Company with rates of many other water companies in the State may be had by reference to the attached sheet.

—See Page Four—

Findings of Town Committee

On April 28, 1942 the Committee asked the Bethel Water Company to name a sale price of its physical properties, real estate, plant and equipment. On July 15, the Company replied that the stockholders do not care to sell.

The Committee has received information which gives it reason to believe that authority can be obtained by Act of Legislature to use the right of eminent domain, and take over the property of said Company by condemnation. In that case the value of the property would have to be set by a board of appraisers.

Evidence of Possible Value of Bethel Water Company

The following is a list of the replacement cost of water mains of said Company for year 1941, as estimated by the Maine Public Utilities Commission.

Approximate cost of Pipe in place for year 1941 to cover ordinary conditions with specials and a reasonable quantity of ledge.

10" Cast Iron	\$2.50
8" " "	2.00
6" " "	1.50

STATE OF MAINE

To all persons interested in either of the Estates hereinafter named: At a Probate Court held at Rumford in and for the County of Oxford, on the fourth Tuesday of August, in the year of our Lord one thousand nine hundred and forty-two, from day to day from the fourth Tuesday of said August. The following matters having been presented for the action thereupon hereinafter indicated, it is hereby ordered:

That notice thereof be given to all persons interested, by causing a copy of this order to be published three weeks successively in the Oxford County Citizen a newspaper published at Bethel, in said County, that they may appear at a Probate Court to be held at Rumford on the third Tuesday of September, A. D. 1942, at 10 of the clock in the forenoon and be heard thereon if they see cause.

Hershey B. Fernald, late of Bethel, deceased; Fifteenth trust Account for the benefit of discretionary beneficiaries, presented for allowance by Ellery C. Park, Trustee.

Sophronia M. Kenerson, late of Bethel, deceased; Petition for license to sell real estate situated in Bethel, presented by George N. Sanborn, administrator.

Laurier Rolfe of Albany Plantation; Petition that the name of Laurier Rolfe be changed to Laurier Kiltredge, presented by Ruth Kiltredge, mother and legal custodian.

Witness, Albert J. Stearns, Judge of said Court at Rumford this fourth Tuesday of September in the year of our Lord one thousand nine hundred and forty-two.
EARLE R. CLIFFORD, Register. 27

PROBATE APPOINTMENTS

The following subscribers hereby give notice that they have received the appointments as indicated from the Probate Court of Oxford County. All persons having demands against the estates represented by them are desired to present the same for settlement and all indebted thereto are requested to make payment immediately:—

Irving L. Carver, late of Bethel, deceased; Ruth H. Carver of Bethel, Administratrix with bond. Aug. 25, 1942.

Fred Herman Cole, late of St. Petersburg, Florida, deceased; Mamie A. Cole of St. Petersburg, Florida, Executrix with bond. Ellery C. Park of Bethel, Agent in Maine. Aug. 25, 1942.

Uthol M. Kenerson, late of Bethel, deceased; George N. Sanborn of Bethel, Administrator with bond. Aug. 25, 1942.

Charles A. Austin, late of Bethel, deceased; John C. Meserve of Bethel, Executor without bond. Aug. 25, 1942.

Howard Taylor, late of Bethel, deceased; Alice G. Taylor of Bethel, Administratrix with bond. Aug. 25, 1942.

Gertrude M. Milliken, late of Bethel, deceased; Robert Kirk of Bethel, Administrator with bond. Aug. 25, 1942.

Applied to Bethel Water Company.		
10"—5,280' x \$2.50		\$13,200.00
8"—31,080' x \$2.00		63,360.00
6"—10,560' x \$1.50		15,840.00
4"—15,840' x \$1.20		19,008.00
2"—6,500' x \$.75		4,875.00
1"—5,500' x \$.60		3,300.00
3/4"—3,450' x \$.50		1,725.00

Total \$121,308.00
Hydrants in 1941 \$100 to \$125, in place, probably \$100 in Bethel. Total of Hydrants \$3400.00.

It will be noted that cost of dam and reservoirs are not included. Another method of arriving at the replacement cost of the system is:

Original cost in 1897	\$42,000.00
Reservoir 1910	10,000.00
	\$52,000.00
Plus 100%	52,000.00

Replacement cost 1941 \$104,000.00
Bethel costs would probably be 100% more than original cost.

This estimate does not include cost of pipes laid since 1910.

Some depreciation would no doubt be taken into consideration by the appraising engineers. What this amount would be is unknown.

It is the opinion of the majority of the Committee that the value of said Company which may be set by the appraisers may be between \$75,000.00 and \$125,000.00.

Estimate of Income of Water District (if formed)

Judging from income of 1941, which showed a net of \$5076.09 before bond interest and after taxes, this income, by omission of taxes saved in a Water District would appear to be \$6635.23, but in arriving at this net figure the Town and Corporation would lose each year \$1574.95 in taxes.

We submit below two estimates of net amount available for depreciation and retirement of bonds of the proposed Water District, based on more or less hypothetical figures.

Based on 1941 Income
For a value of \$75,000.00
Receipts Expenses
\$6635.23 \$6635.23

2250.00 Bond Interest
\$4385.23 For depreciation and retirement of bonds.

For a value of \$125,000.00
Receipts Expenses
\$6635.23 \$6635.23

3750.00 Bond Interest
\$2885.23 For depreciation and retirement of bonds.

Based on 1940 Income
For a value of \$75,000.00
Receipts Expenses
\$5407.80 \$5407.80

2250.00 Bond Interest
\$3157.80 For depreciation and retirement of bonds.

For a value of \$125,000.00
Receipts Expenses
\$5407.80 \$5407.80

3750.00 Bond Interest

\$1657.80 For depreciation and retirement of bonds
The above figures presume that a bond issue could be floated at 3% interest.

It would have to be decided by the Town whether the Town would guarantee the bonds of the water district by a pledge of the credit of the Town, or whether the bonds must be supported solely by a mortgage on the property.

The Committee has assembled above all the facts which they were able to gather with the means available. There is so great a variation in the possible cost of the property which would be acquired on the appraisal, and there is no way of determining in advance what the appraisal figures would be, and there is so great a variation in the possible earnings of the Water District, if formed, that the Committee after discussion, decided to submit the information to the Selectmen as directed by the vote of the Town for submission to the voters if they so desire. The venture will entail, if undertaken

FARWELL & WIGHT

EAST BETHEL

Miss Eva Bean of Woodstock and Mrs. James Ring of Locke Mills spent Tuesday night and Wednesday with Mrs. John Howe. Mrs. O. W. Fales spent Wednesday with them.

Howard Fales, who has spent the past six weeks with Mr. and Mrs. John Howe, left Friday morning for his home in Dorchester, Mass. His mother, Mrs. O. W. Fales, and his two brothers, Walter and Raymond Fales, returned to Dorchester also.

School opened here Wednesday instead of Tuesday as the school house was being painted inside by S. H. Browne and work was not completed before Tuesday. Miss Mary Ann Toft teaches the grammar room and Mrs. Helen Newman the primary room. Mrs. Newman and daughter, Anne, are living upstairs in Guy Bartlett's house.

Mr. and Mrs. Carl Swan Jr., of Hartford, Conn., brought their little daughter, Betty, to the home of Mrs. Eva Swan in Locke Mills, Saturday. Mr. and Mrs. Swan visited her father, C. H. Reed, and grandmother, Mrs. Ida Blake, Sunday. Mr. Swan returned to Hartford Monday but Mrs. Swan remained to care for the baby who was ill with asthma and whooping cough in Hartford and was sent to Maine to get relief from the asthma.

Nathan Start of Brockton was the week end guest of Mr. and Mrs. Almon Coolidge and Sunday night guest of Victor Robinson at S. B. Newton's.

Mr. and Mrs. S. B. Newton and Caroline Dorcy were in Andover, Sunday evening.

Mr. and Mrs. Carl Hutchinson of Wilton, Mrs. C. H. Holman and Terry Holm, and Wayne Swan of Dixfield were guests of Mrs. Ida Blake last Wednesday.

A crew of men and trucks have been putting out sand piles Monday and Tuesday preparatory to putting tar on the road.

Leslie Noyes and James Farwell are helping Merton Bessey of Rumford Center pick his sweet corn.

W. S. Hastings and John Howe were in Sumner Thursday and Friday morning.

Lendall News returned home Sunday from Poland where he has been assisting his uncle, Ernest Curtis, with haying the past two weeks.

Mr. and Mrs. James Haines are rejoicing over the arrival of a son Tuesday morning. Mrs. John Howe is taking care of mother and son. Mrs. Charles Reed is assisting with the house work.

Bartlett Hutchinson was the guest of his grandparents, Mr. and Mrs. Guy Bartlett, last week.

Bernard Bartlett spent the week end with his parents, Mr. and Mrs. J. C. Bartlett, returning to his work in Etland, Monday morning.

The meeting on Out Door Cookery held by the Farm Bureau several weeks ago aroused interest in several families. Last Thursday Mr. and Mrs. J. C. Bartlett and Shirley Joyd Mr. and Mrs. Ben Tyler, Richard, Clara and Edith Tyler in taking supper over the fireplaces at the farm bureau meeting. Red chicken and roasted corn were foods cooked for the supper. Mr. and Mrs. Leonard Tyler and children joined them during the supper hour.

A good time was had Sunday evening at the home of Mr. and Mrs. John Howe when a picnic supper was enjoyed in the back yard with roasted corn and bean hole baked beans as the main dishes. Those present were E. W. Kimball, Mr. and Mrs. Lawrence Kimball and son, Larry, Mr. and Mrs. Rodney Howe of Middle Intervale, Mrs. O. F. Fales, Walter, Howard and Raymond Fales of Dorchester, Mass., Ms Nancy Gould of Clanton, R. Francis Jones of Wis-

At Rumford, Sept. 9, Clark Morse of Grafton, aged 45 years.

INDUSTRY AND BUSINESS AFTER THE WAR

Every American knows that the manufacture of automobiles has ceased for the duration of the war. The great automobile industry which in 1940 produced and sold more than 3 1/2 million cars, has been re-tooled to produce airplanes, guns, tanks and munitions of war. Where will these companies get the money necessary to resume the manufacture of automobiles when the war is ended?

The automobile industry happens to be important, and there are thousands of smaller industries which will also face the same problem.

What will the millions of workers do when the demand for war machines stops?

What will happen to the domestic market for farm products when those millions of war workers no longer have jobs?

The stage seems set for an even worse depression after World War II than we suffered after World War I unless right now we start to plan about these surpluses.

It is comforting to learn that Congress is now considering some plan to prevent, or at least to ease, any after-the-war depression.

The best plan seems to contemplate the dedication of a portion of war profits for the purpose of providing industry with the ready cash on hand quickly change to peacetime activity and thus lessen the shock to manufacturing and agricultural surpluses when the war is ended.

A Recovery Bond program has been suggested whereby each industry, big and little, will be required to invest at least 20 per cent of its war profits in Recovery Bonds which do not bear interest until the war is ended and which cannot be sold by the purchaser until peace is declared.

Such a plan would build, at the rate of almost a billion dollars a year, a huge recovery reserve to convert war industries to peace production, launch new products and maintain employment. It would place this reserve immediately and automatically in the hands of those businesses and industries with the greatest after-the-war needs.

The moment peace is declared the "time lock" automatically releases this recovery reserve, the bonds become negotiable and begin to draw interest. Purchasers holding them will then treat them like any other Government bonds, to be sold or used to borrow money. There would be no waiting for a post-war Congressional appropriation, no red tape, and no delay in launching the business and industry offensive that may turn threatened depression into unrivaled prosperity.

The plan is simple, practical and fair.

During late years science and research have discovered many new uses for present major farm crops and many new crops which can be used in industry. A plan of this character places immediately in the hands of industry the resources which can be used to finance further research and to plan for the conversion of surplus crops, surplus factory buildings and the employment of war workers in new and useful enterprises whenever this war shall cease and normal peacetime industry, business and agriculture shall be resumed.

This problem deserves the thoughtful consideration of every American. If we can have the assurance of reasonable security in the after-the-war recovery period we can throw ourselves into an all-out effort to win the war and feel that by so doing we have secured "the blessings of liberty to ourselves and our posterity."

BETHEL

Mr. and Mrs. John Compass visited in Berlin last week.
